# **10 YEARS TO REACH THE SUSTAINABLE DEVELOPMENT GOALS**

**SDG Conference 05<sup>th</sup> of October 2020**

## MON 5 OCT 10 YEARS TO REACH THE SUSTAINABLE DEVELOPMENT GOALS

Wie wir die Sustainable Development Goals erreichen

Am 5. Oktober verwandelt sich Berlin in eine internationale Diskussionsplattform. Gemeinsam mit renommierten Expert\*innen und Storyteller\*innen sowie Vertreter\*innen der deutschen Politik und Zivilgesellschaft diskutieren wir drei zentrale Fragen: Was können wir dazu beitragen, die nachhaltigen Entwicklungsziele der Vereinten Nationen (SDGs) zu erreichen, vor welchen Herausforderungen stehen wir und wie können wir sie bewältigen?

Der Austausch zwischen den Akteur\*innen bietet die Chance, Perspektiven aus unterschiedlichsten Berufsfeldern zu vereinen, gemeinsam kreativ zu werden und das Thema einer nachhaltigen und gerechten Entwicklung für alle stärker im gesamtgesellschaftlichen Diskurs zu verankern. Dabei setzt die von *Aktion gegen den Hunger* zusammen mit *Save the Children* und der NRC *Flüchtlingshilfe* organisierte Konferenz auf Vielfalt, denn die Herausforderungen der Post-2015-Agenda sind so divers (und dennoch eng verzahnt) wie die Akteur\*innen in der Zivilgesellschaft und Politik. Nur durch Synergien kann nachhaltig zur Erreichung der Entwicklungsziele beigetragen werden.

Die SDG-Konferenz wird sich auf drei eng miteinander verknüpfte SDGs konzentrieren:

- SDG 2 Kein Hunger
- SDG 6 Sauberes Wasser und Sanitäreinrichtungen
- SDG 13 Maßnahmen zum Klimaschutz

On 5 October, Berlin will host internationally renowned experts from a wide range of fields. Together with experts and storytellers, as well as representatives from German politics and civil society, we will think about how we can contribute to achieving the Sustainable Development Goals, the challenges we face and how to overcome them.

Interdisciplinary exchange offers the opportunity to unite perspectives from diverse professional fields, to get creative together, and make the issue of sustainable and equitable development an integral part of the overall social discourse. The conference focuses on diversity, as the challenges of the post-2015 agenda are as diverse (and yet closely interlinked) as actors in civil society and the political landscape. Only synergies will make a lasting contribution to achieving the development goals.

The SDG conference will focus on three closely linked goals:

- SDG 2 Zero Hunger
- SDG 6 Clean Water and Sanitation
- SDG 13 Climate Change and mitigation

### **Berlin Union Film Studios (BUFA)**

The Berliner Union-Film Ateliers are a legendary film and post-production campus and have been an integral part of the Berlin film and television scene for over 60 years. With a view of the famous Tempelhof Airport, stories have been told at this historic location for over 100 years, taking shape in sound and vision. The BUFA wants to contribute to social, ecological and personal transformation and thus offers a place for activists, media workers, city farmers, etc. but also trees and other living beings.

### **Battle of the Giants by Hernán Zin**

This documentary tries to put voice and face to the Giants that, all over the world, fight against hunger and its consequences. To tell us about their struggle, with no intermediaries or filters, these Giants have used mobile phones. Altogether, renowned journalist Àngels Barceló, writer and journalist Martín Caparrós and professor José Esquinas put forward a trip to the heart of our incoherence and frustration with the intention of joining Fight Against Hunger, in a common cry of anger and hope.

## **WOMENstruate** by Lauren Anders Brown

What could be more mundane and ordinary than a woman's period? And yet for many women, periods come with stigma and taboos. WOMENstruate offers an insight into the menstrual experience of seven women across Africa. Shot in six days, the average length of menstruation, this comprehensive documentary defends the trivialization of menstruation, despite its still being emblematic of discrimination against women.

## **Youth Unstoppable** by Slater Jewell- Kemker

A film 12 years in the making, YOUTH UNSTOPPABLE documents the struggles and events of the largely unseen and misunderstood Global Youth Climate Movement. Beginning at age 15, Slater Jewell-Kemker tells the story of a generation fighting to be heard but bound by the frustrating and complex process of UN climate change negotiations. Youth Unstoppable shows a powerful vision for the future of our planet and the youth who will lead us there.

Film Screening „Selfish“ at BUFA 2

War, pandemics, famine: all over the world, people working in humanitarian aid are used to extreme situations and potentially lethal danger. SELFISH interviews 40 men and women who give intimate insights into their motivations, feelings of helplessness, relationships, passions, returning home, and the difficulty of talking about the unspeakable. This film explores whether selfishness in a humanitarian worker is necessary to stay alive.

**Followed by a panel debate** with Médecins Sans Frontières, Action Against Hunger, Norwegian Refugee Council & Save the Children - moderated by Centre for Humanitarian Action

## HIGHLIGHTS

### Interactive Lecture with War Photographer Jan Grarup

Jan Grarup is Danish photojournalist, visual artist, keynote speaker and father of four children. In times of humanitarian crisis, armed conflicts, civil wars and famines, Jan Grarup is one of those who shapes the storytelling on humanitarian catastrophes and human rights through his photography. Over the course of his twenty-five-year career, Grarup has photographed many of recent history's defining human rights and conflict issues. Grarup's work reflects his belief in photojournalism's role as an instrument of witness and memory to incite change, and the necessity of telling the stories of people who are rendered powerless to tell their own.

### Interactive Talk with Belina Raffy - Exploring the SDGs with Humor and Compassion

It's easy to get overwhelmed with the urgency, complexity, and seriousness of the 2030 Agenda SDGs. Our thinking, how we collaborate, and the ways we communicate about the goals are all affected by this. The interactive session will explore what happens when we take a highly compassionate and humorous view of the SDGs. We experience how loving comedy can illuminate what is absurd and deeply inspiring about making the world better, in ways that leave us/our audiences open to reflection and change.

### Keynote Speeches

- Virtual Opening Statement by **António Guterres** - United Nations Secretary-General
- Virtual Opening Keynote Speech by **Dr. Ingolf Dietrich** - Federal Ministry for Economic Cooperation and Development (BMZ)

## HYBRIDITY OF THE EVENT

**The SDG Conference is hybrid.** Participants therefore have the unique opportunity to participate either online or offline. The conference will mostly take place in the spacious Studio 2 (with live-stream for online audience), which guarantees physical distancing. The offline breakout-sessions will be held in Studio 1 (online breakout-sessions will be organised via Zoom). If you want to participate at an online breakout-session please use your own device. Wifi access is available at the festival center BUFA.

## LOGISTICS & COVID-19

The festival center BUFA offers the ideal location for a film festival in times of Corona due to the spaciousness and size of the studios. The size of the film studios allows for „physical“ distancing (1.5 m between each seat) without „social“ distancing. A hygiene concept was jointly developed, which considers all current standards and also takes further measures. Masks are compulsory in all rooms until a seat is occupied and during breaks. Appropriate disinfection and ventilation measures are taken and all network events take place outdoors with sufficient distance. With the outdoor lounge and the Guests-Meet-Guests network events, BUFA also creates a lively place for networking in COVID-19 times.

## ACCREDITATION

Please be aware that the official opening of the SDG conference will already start at 9 am in Studio 2 (and live-stream for online audience as well as in Studio 1 for offline guests).

## SPEAKER'S CORNER

Meeting Point for all panellists is 10 minutes prior to the respective session.

Please look out for the sign next to the entrance of studio 2 („Speaker's Corner“).
